JEAN-ANNE SUTHERLAND AND KATHRYN M. FELTEY

**Cinematic Sociology** is a one-of-a-kind resource that helps students recognize and critique sociological concepts as they appear in blockbuster Hollywood films. In addition, it provides pedagogy for instructors who use film in their classes. . In this engaging text the authors take readers beyond watching movies and demonstrate how to “read” films sociologically. In the process, students are exposed to major substantive areas of sociology and encouraged to critically think about their social world. The book’s 27 essays from expert scholars in sociology and cultural studies explore the ways social life is presented- distorted, magnified, or politicized- in popular film.
